Join us to explore topics related to corporate water stewardship and to help shape the Mandate’s upcoming projects and activities. Topics will include:

- Corporate water stewardship and the Post-2015 Development Agenda, with a focus on Peru’s water challenges
- Defining the appropriate role for business in advancing sustainable water management
- Up-scaling corporate water stewardship in supply chains, with a focus on sustainable agriculture
- Aligning business practice with the human rights to water and sanitation
- Responsible business engagement in watershed management, as well as water stewardship partnerships
- Defining and harmonizing best practice in corporate water disclosure

For more information, contact Mai-Lan Ha (mlha@pacinst.org)
