

Dear CEO Water Mandate colleagues,

We are holding a UN Global Compact Local Network event in Tel Aviv centered on the CEO Water Mandate and water stewardship that we strongly encourage you to consider attending.

The meeting will be part of WATEC Israel 2015, a biannual international exhibition and conference focusing on water technologies and environmental control. WATEC 2015 will take place on October 13-15, 2015, at the Tel Aviv Convention Center. For more information, go to <http://watec-israel.com/>.

The conference is a unique platform for sharing and understanding the policies that have supported the development of a dynamic water industry in Israel and in other countries. WATEC also presents the opportunities and challenges related to the development and deployment of innovative technologies for smart and cost-effective urban water utilities, while enabling visitors to see state-of-the-art water technologies firsthand.

Here is the tentative program for the GC / CEO WM event.

Monday October 12 – Tel Aviv

- **Morning:** Optional invitation to the WATEC 2015 side event for investors
- **Evening:** Opening reception for Mandate guests, local GC network, regional GC networks, and guest Israeli companies

Tuesday October 13 – Tel Aviv

Local network/Mandate conference with various professional sessions, networking breaks, visits to WATEC 2015, and a designated session for the Mandate at the WATEC conference

Wednesday October 14 – Field tour

A group field tour to see various case studies of innovative work in water, agriculture and industry

We look forward to seeing you in Tel Aviv. Please do not hesitate to contact us should you have any questions.

Best regards,
